MONSTER 3.0 – UNLEASHING THE UNTAMED

WHAT HAPPENS WHEN DESIGN BREAKS FREE FROM THE NORM?

Monster 3.0 is not just a collection—it's a rebellion, a fusion of ferocity and finesse, rawness and refinement. In collaboration with Karan Desai, we've crafted pieces that don't just sit in a space—they own it.

Drenched in attitude, sculpted in audacity, and wrapped in unapologetic luxury—are you ready to unleash the monster?

The background is a dark, textured surface. In each of the four corners, there are two concentric circles. The circles are light gray and their lines are thin. They are positioned such that they appear to be part of a larger, repeating pattern.

**LAUNCHED AT INDIA DESIGN 2025,
Monster 3.0 is not just a collection—it's an attitude.**

A bold fusion of wood and fur, this collaboration redefines texture play, sculpting statement pieces that dare to be different. Raw, untamed, and fiercely elegant, Monster 3.0 embodies the rebellion of design.
